

Support the enhancement of Buljan Park!

More slides, more climbers, and more room for imagination!

Please support the expansion of the Buljan playground with your donation.

The new design adds a variety of exciting features with younger ages in mind. The newly formed Highland Reserve Neighborhood Association has partnered with the City of Roseville to lead this effort.

Roseville strives to be the leader in creating a healthy community, enhancing lives, and providing exceptional experiences. During this difficult time, the City's resources are strained, but together we can make this project a beacon of success to be enjoyed by our families for generations.

Please donate today, every dollar goes toward additional equipment!
